Travel Management with Energy

Professional, Efficient
Travel Management
For **Energy,**
Renewables &
Maritime Workers.

Making The Global Local.

Embark on a journey where the world becomes seamlessly connected through a trusted partnership, cutting-edge technology, and a deep understanding of energy industry challenges. Welcome to Munro's Travel.

With a rich history spanning over a century, Munro's Travel has been the go-to partner for the energy and marine sectors since 1973. We are committed to excellence through our bespoke service offering, designed specifically to meet the unique demands of your industry.

We blend hi-tech solutions with a personal touch. Our dedicated teams work to ensure smooth journeys which prioritise your workforce's well-being every step of the way.

But our partnership goes beyond just travel management. Together, we can reach new levels of added value, achieving cost savings, meeting environmental goals, and driving innovation.

Murray Burnett
Managing Director

"One of the standout qualities of Munro's Travel is their commitment to providing an array of options tailored to our specific requirements. The team's expansive knowledge of the travel industry ensures that we are presented with choices that not only meet but exceed our expectations."

Proactive **Travel** **Management.**

Conventional travel management is not specialised enough for the requirements of the energy, renewable and marine sectors. Munro's Travel's dedicated team of over 60 professionals offers bespoke services navigating your unique industry challenges.

Our average staff service is in excess of 15 years and means continuity of personnel which is rare to find.

Client retention (98%) isn't just a metric for us – it's a demonstration of commitment. Yes, technology is vital but it's our personalised service which fosters long term trust and longevity in our partnerships.

Our support from pre departure to post arrival to high risk and remote destinations is 24/7 and 365 days a year.

Munro's

Big enough to cope,
Small enough to care.

Navigating The Challenges.

Energy and marine managed travel demands a strategic approach. We are your partner in overcoming logistical hurdles and maximising efficiency. With a bespoke digital crewing platform, we streamline mass bookings and crew rotations, ensuring unified operations worldwide.

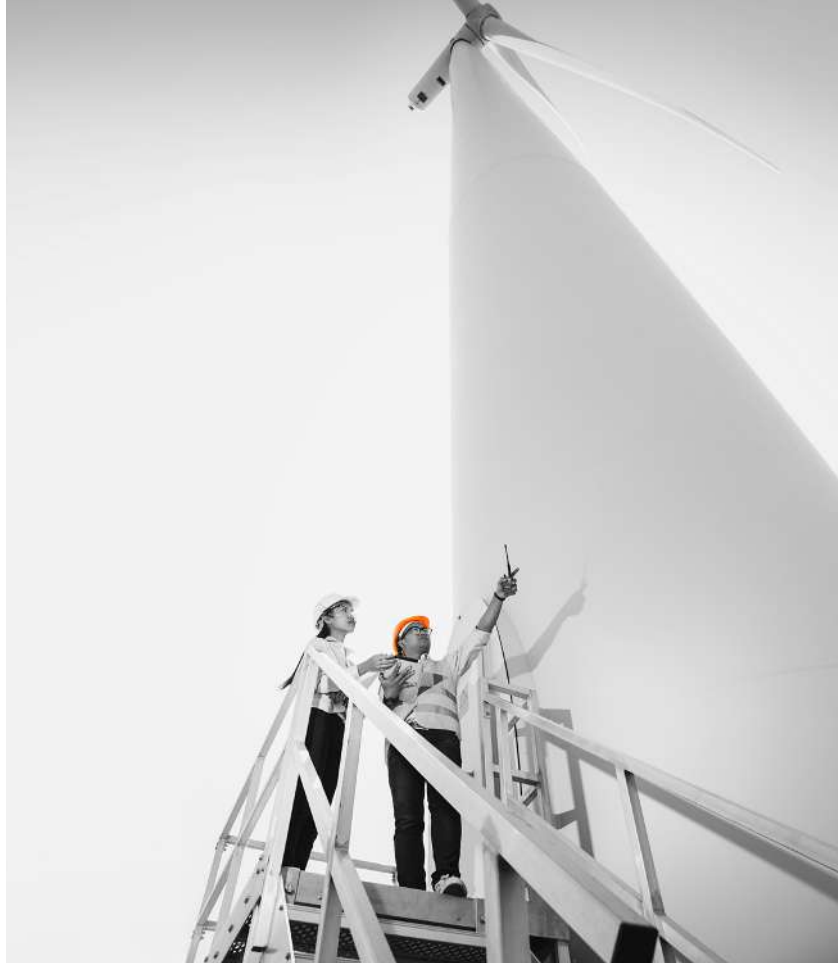

Munro's clients have the benefits of

our tailored solutions, designed to drive cost savings and operational efficiencies. Through our robust reporting system, you gain real-time visibility into travel activities, empowering you to anticipate disruptions and ensure crew well-being.

Partnering with Munro's means more than just managing travel; it's about reaching new levels of added value and unparalleled service.

"We have been arranging all our travel requirements through Munro's for a number of years now and have built an amazing rapport with our dedicated team. Outstanding customer service with a positive friendly attitude delight to deal with."

Our Approach to Traveller Safety

Traveller safety is of paramount importance. It's not a service – it's a duty of care for our clients and us. Meeting duty of care obligations is our top priority – whatever the risk, wherever the travellers.

Our commitment goes beyond logistics. Cutting-edge traveller tracking tools ensure a dynamic emergency response is available 24/7.

We provide a seamless integration of technology and expert, experienced account handlers.

Travel Smarter And Greener.

Munro's Travel can help you to reduce your environmental impact with our sustainable travel solutions.

The energy sector faces increasing challenges to lower carbon emissions and align with global sustainability goals. At Munro's Travel, we understand the importance of balancing your business needs with your environmental responsibilities. That's why we offer a portfolio of solutions that helps you measure, manage, and mitigate your travel-related carbon footprint.

Our methodology calculates the carbon emissions of your travel activities with accuracy and transparency, enabling you to make informed decisions about your travel choices.

This can include:

- Prioritising low-carbon modes of transportation
- Selecting suppliers with sustainable practices
- Offsetting your unavoidable emissions

Our experienced team can guide you through your sustainability journey, from setting realistic and achievable goals and including these in your travel policies to implementing practical actions for your travellers and suppliers. With Munro's Travel you can raise awareness, drive behaviour change, and demonstrate your commitment to the environment.

We offer much more than travel management. We are your partner in creating a greener future for your industry and the planet.

"I cannot say enough about the quality of service that our team have received from Munro's Travel. The staff are quick, accurate and always friendly. Munro's give us peace of mind that all our travel has been booked to the highest standard."

Analysis And Reporting.

Munro's Travel technology solutions enable you to access and analyse travel data in real time. With our management reports, you can:

- Monitor your total travel spend across different categories and regions
- Identify your preferred suppliers
- Track your missed savings opportunities and implement policy compliance measures
- Recognise your top bookers and travellers and reward their behaviour
- Break down your invoices by cost centre, project code, or any other criteria

Our management reports are easy to use, customisable, and available on any device. They help you optimise your travel programme and achieve your business goals.

Integrated Technology To **Simplify Travel.**

Here are some of the ways we use technology to make your travel easier and more efficient:

- Integrated technology - single platform that connects all your travel needs, from booking to reporting, accessible online anytime, anywhere, and on any device. You can also use our mobile app to manage your travel on the go
- Single source of documentation – eliminating multiple documents and invoices for all your travel transactions. View and download your travel itinerary, confirmation, invoice, and receipt in one place
- Real time visibility of travel spend and performance - you can track your travel expenses, savings, compliance, and carbon footprint with our interactive dashboards and reports
- Links to client policy - ensuring that your travel policy is always followed and enforced by linking it to our booking system. Set up your own rules and preferences for your travel policy, and automatically apply them to your bookings. Monitor and manage your policy compliance with our alerts and notifications
- Large scale booking - using our technology to find the best rates and options for your group travel and coordinating and communicating with all participants

"Our dedicted travel team provide prompt responses when sending requests and provide a good choice of options to choose from. A good working relationship has been formed with the team at Munro's."

A large, complex industrial structure, likely an offshore oil platform, silhouetted against a dark blue sky. The structure features multiple levels, cranes, and tall chimneys.
